When you use Crystal Meth, aka Tina, what you see in the mirror may not be what others see. Then again, maybe you're going for that "hopped-up-sunken-eyed-emaciated-pale-faced-rotted-teeth-I'm-the-Devil" look. For more information about the effects and dangers of Crystal Meth, visit nothingpretty.org or call the statewide treatment hotline 888-736-0253.
